Teen Makers Workshops

Ages 12+

Join us for a hands-on Maker Workshop Series designed for students to create, explore, and learn together! Perfect for creative kids looking to learn new skills in a fun, supportive environment. Each of our workshops will focus on growing our understanding of new materials or techniques useful in technical theater and beyond. No experience needed—just curiosity and a willingness to get messy and creative! See website for details!

AWARD WINNING CAMPS, CLASSES AND PRODUCTIONS AT KIDSACTING

Austin's Longest Operating Performing Arts School. Established 1980!

SPRING 2026

kidsActing has NEW & EXCITING CLASSES for you this spring!

Since 1980, we have provided a safe, supportive, fun environment where young people can be creative, expressive, and develop their communication skills--traits that improve school performance and enhance a person's life. Each child learns to strive for individual excellence which is important in realizing one's full potential. At the same time, theatre is a team sport where students develop important skills that serve them in school, relationships, and throughout their lives, leaving them with a strong work ethic, sense of responsibility, and lasting self-confidence.

Each class is age appropriate; the level of work changes depending on the age of the class so students are encouraged and challenged. The emphasis within a class varies each semester and the work is always different, thus repeating a class is encouraged to broaden a student's experience.

Most of all, our camps & classes are **FUN**!
